COMPANY INTRODUCTION

The team was formed in the summer of 2018 and, in the same year, launched its own brand Twinsis.

Twinsis - originating from quality home goods customization, have gradually expanded into ready-to-wear clothing, accessories, and other fields of designer brands and luxury brands, relying on niche design concepts, product execution accumulation, and flexible production resource integration capabilities. Since its establishment, we have consistently won long-term trust and support from partners through the delivery of value-added product and service solutions, achieving continuous growth in the ever-changing market.

OUR VALUES

LEAN INNOVATION

Optimize production with advanced materials and 3D printing/Eco tech — no low-efficiency subcontracting. Deliver differentiated solutions for luxury brands.

LUXURY STANDARDS

Hold itself to luxury-grade quality control standards, ensuring compliance with relevant EU and international testing standards and regulations.

TRANSPARENT MUTUAL GROWTH

Transparent production management: full traceability, shared progress — building brand trust.

SUSTAINABLE DEVELOPMENT

Provide eco-friendly materials (such as GRS fabrics, bio-based leather, and biodegradable metal accessories), and utilize FSC-certified packaging materials.

DESIGN EMPOWERMENT

Help transform inspiration into scalable, high-quality products — end-to-end support from concept to production for designer and brand.

VISION & MISSION

VISION

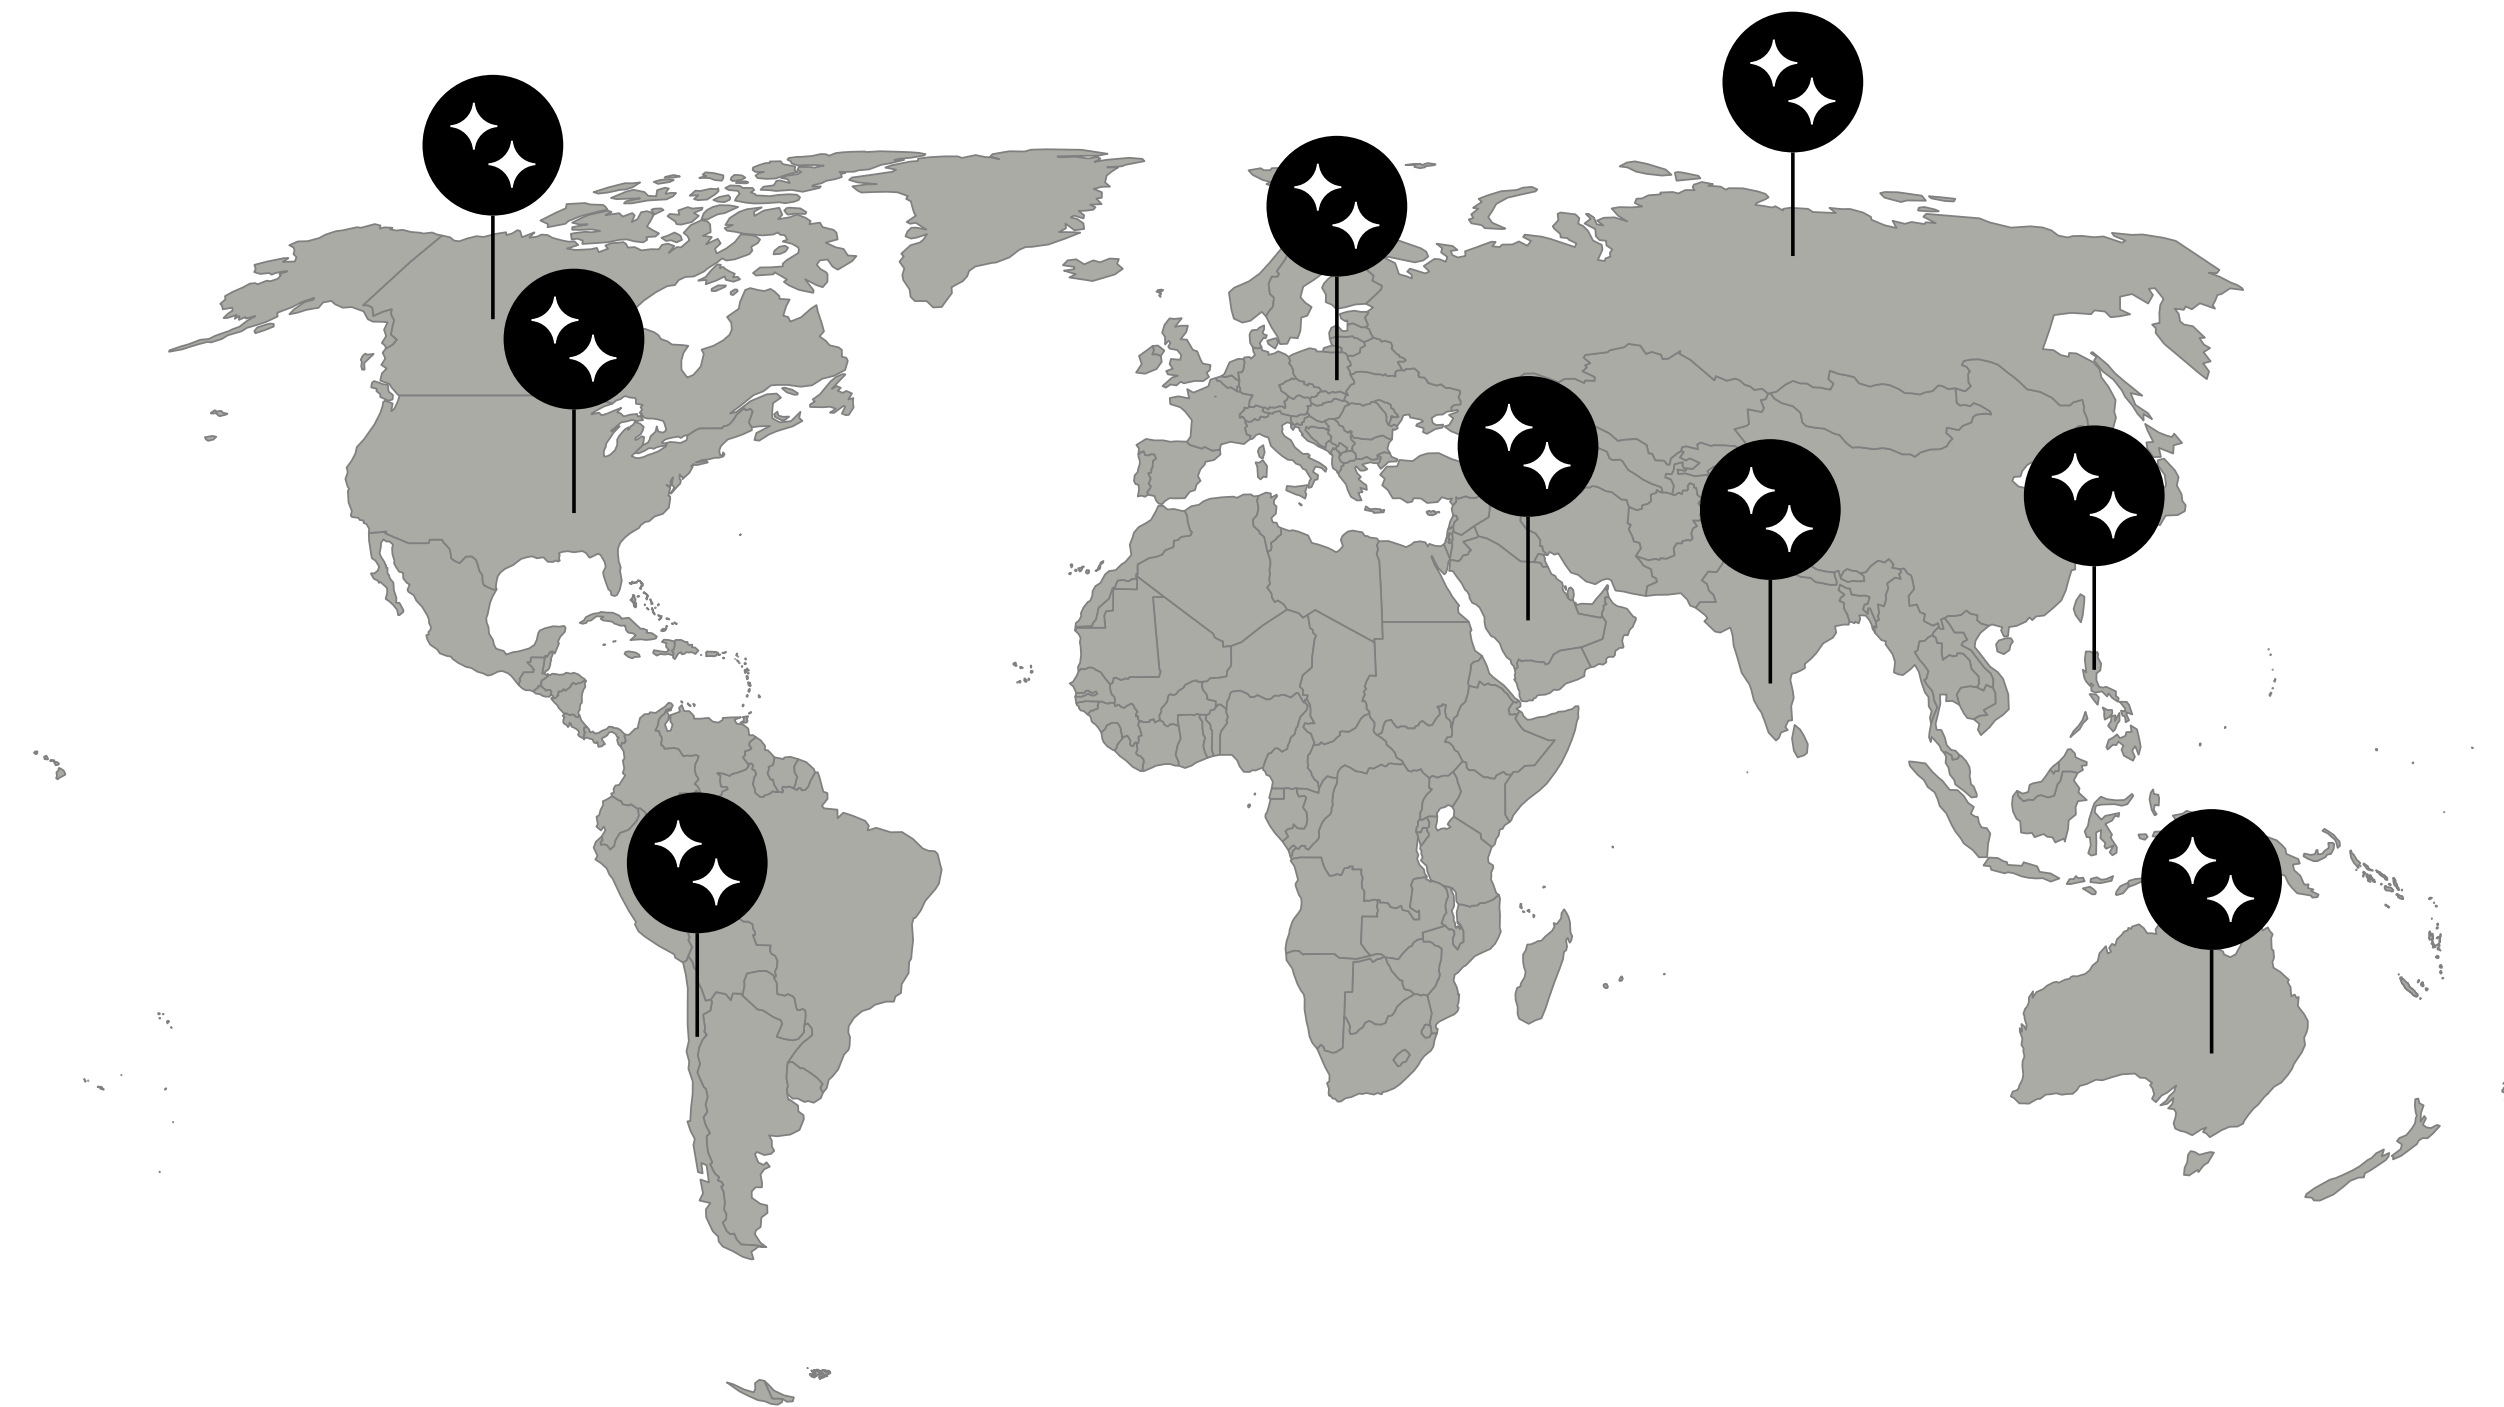

Become the top trusted innovative supply chain partner for global luxury and designer brands.

MISSION

Transform global fashion supply chains with innovative manufacturing and flexible services, empowering brands to grow sustainably through collaboration.

OUR MARKET

Twinsis, guided by innovative design concepts, solid craftsmanship, and flexible resource integration, has steadily expanded collaborations with renowned designer and luxury brands. Today, our partnership network extends across the major continents worldwide. Looking ahead, we remain committed to working closely with more partners to create and sustain lasting value together.

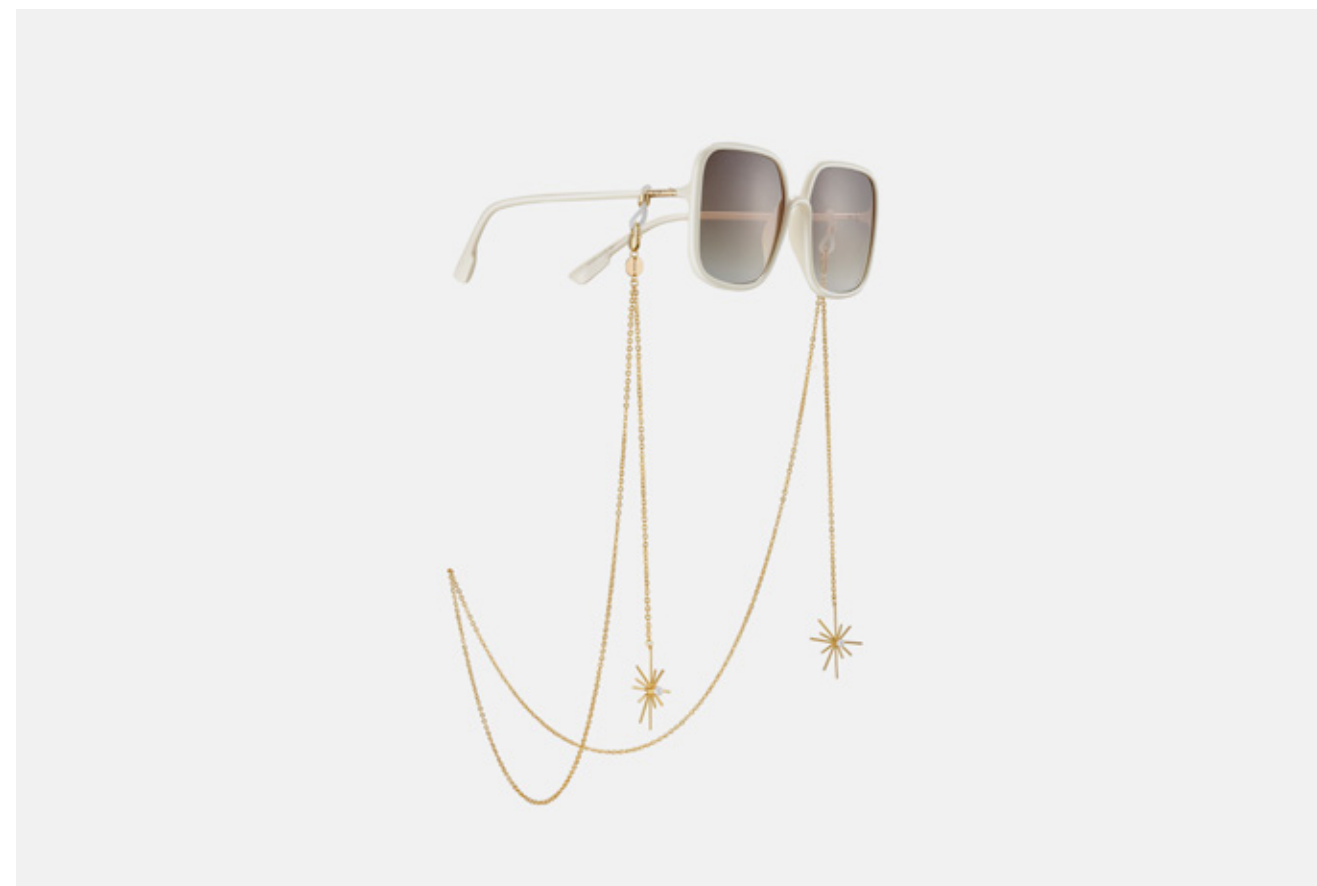

PRODUCT & SERVICE

Bring your vision to life. From design, materials and colors to finishes and packaging, we develop products that are uniquely yours.
